

HEARING

Designed to dispense Classic or Neons directly into the hand. Easily refilled, monitored and operated, this system cuts down on packaging and waste.

Classic

Neon

CLASSIC One Touch Refill **SNR 28**

Made from soft energy absorbing foam, the special closed structure of the foam allows the plugs to expand gradually and so conform to exactly the size and shape of virtually any ear canal.

NEON Yellow One Touch Refill **SNR 36**

A soft tapered plug made from a slow-expanding environmentally friendly polyurethane foam material. Extremely comfortable to wear, the EARsoft offers some of the **highest protection** you can get from a plug.

Description	SNR	Plugs/Pack	Packs/Case
ONE TOUCH DISPENSER only (no plugs) (PD-01-000)	--	-	1
CLASSIC One Touch Refill (PD-01-001)	28	500	1
NEON One Touch refill (PD-01-002)	36	500	1

DISPENSER BOXES

Convenient boxes for direct dispensing of plugs. May be wall mounted using optional wall mount.

Classics

CLASSICS (Pillow Pack) **SNR 28**

Made from soft energy absorbing foam, the closed structure of the foam allows the plugs to expand gradually and so conform to exactly the size and shape of virtually any ear canal. Supplied in convenient pillow packs in a card dispenser box of 250 pairs.

Description	SNR	Plugs/Box	Boxes/Case
CLASSIC Pillow Pack (PP-01-002)	28	250	8
CABOCORD (Classic Corded) (CC-01-000)	29	200	10
DISPENSER Wall Mount (Classics ONLY) (PD-01-002)	--	--	1

Classic corded

SNR 29

Dispenser Wall Mount

CLASSIC CORDED (Pillow Pack)

CLASSIC earplugs with the addition of an easy to see blue vinyl cord making them particularly suitable for use in the food industry.

EARSoft Neons **SNR 36**

A soft tapered plug made from a slow-expanding environmentally friendly polyurethane foam material. Extremely comfortable to wear, the EARsoft offers some of the **highest protection** you can get from a plug.

ULTRAFIT **SNR 32**

One size design uses three soft, ultra thin flanges to fit most ear canals snugly. The special polymer used makes the plug firm enough for insertion, yet is still soft for continuous wearing.

ULTRAFIT-20 **SNR 20**

Designed for the new regulations where protection has to be provided for noise levels exceeding 80dB(A), these ear plugs provide lower attenuation of SNR-20 for less noisy conditions.

Description	SNR	Plugs/Box	Boxes/Case
EARSOFT Yellow Neons (ES-01-005)	36	250	10
ULTRAFIT Corded (UF-01-000)	32	50	10
ULTRAFIT-20 (UF-01-012)	20	50	10

EARSoft Detectable

SNR 36

All the advantages of the EAR Soft but with a blue detectable cord and an integral stainless steel ball. Non-food blue in colour, suitable for use in food manufacturing applications.

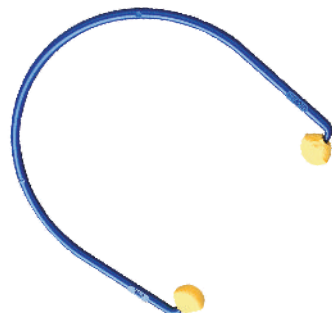

Description	SNR	Plugs/Box	Boxes/Case
EARSOFT Metal Detectable Corded (ES-01-011A)	36	200	10
TRACERS Metal Detectable Corded (TR-01-000)	32	50	10

TRACERS **SNR 32**

Similar to the ultrafit but produced specifically for food related industries in bright blue. Permanently located metal ball bearing in the stem of plug. Reusable.

MODEL 200 **SNR 23**

A semi-aural hearing protector for workers exposed to high noise levels. They are also useful as disposable protectors for visitors. Economic as spare caps are available in packs of 10 or 50 pairs.

Description	SNR	Plugs/Box	Boxes/Case
MODEL 200 Ear Caps (EC-01-000)	23	40	10
SPARE PODS, Box of 10 pairs (ES-01-300)	n/a	10	50
SPARE PODS, Pack of 50 pairs (ES-01-301)	n/a	50	-
