### RUBBER OUTSOLE SCUFF CAPS EVO

It is obvious that the heavy duty pattern of this hard-wearing, up to 300°C heat resistant HRO rubber outsole has been designed for optimum safety and performance, especially on unsecured grounds.

### SCUFF CAP

Extra high scuff cap for wearers who kneel a lot during their work.

### VOLUME PLUS<sup>48</sup>

The special shape of the last provides more space to the small toes and the ball of the foot. This extra comfort is available up to size 48.

### UPPER

Oiled full leather is robust, extremely durable and offers through its special treatment even more protection against penetrating moisture. In addition, it prevents premature aging even with low care. The COA.TEX® membrane is breathable, water resistant, windproof and protects feet from stagnant moisture.
