

HAT-AC-LGT

ACRYLIC HAT WITH LED LIGHT

100% ACRYLIC BEANIE STYLE HAT WITH LED LIGHT

Our 100% acrylic thermal beanie is the perfect accessory for cold weather. Made from high-quality acrylic material that is both soft and durable, ensuring that you stay warm and comfortable all day long. The beanie is designed to be snug-fitting for enhanced comfort and warmth. In addition to its insulating properties, this beanie also comes with a built-in LED light. The light is located on the front of the beanie, providing a convenient and hands-free way to illuminate your surroundings. It has three adjustable light settings to suit your needs. The LED light is powered by a small, rechargeable battery that is discreetly hidden inside the beanie. The battery can be charged using a standard micro-USB cable. Perfect combination of warmth, style, and functionality.

Each hat comes with a printed swing tag and barcode for retail display.

Minimal off-centre Traega® logo provides space for personalisation and branding.
