

SCAF-KIT6 PREMIUM SCAFFOLDERS KIT

**VERSATILE HARNESS AND BELT (3 ATTACHMENT POINTS)
WITH 1.8 METRE ELASTICATED SHOCK ABSORBING
LANYARD WITH SCAFFOLD HOOK.**

The Elasticated Scaffolders Kit 6 consists of a HT3B 3 point harness with comfort work positioning belt and the Premium EL1 1.5-1.8 metre elasticated lanyard with Shock absorber and scaffold hook. These components come in a functionally designed drawstring bag offering a ready to go Fall Arrest Kit. Similar to our best selling SCAF-Kit 3 as it uses the same HT3B harness, however this kit comes with the premium EL1 elasticated fall arrest lanyard. When not extended, this 1.8 metre lanyard is compacted to 1.5 metre length reducing the risk of tangling or catching. The EL1 also comes with the Quick Clip connector which makes attaching to the harness much easier/quicker. The HT3B 3 point harness offers rear and front attachment points with EN358 waistbelt for work positioning. The harness also has two designated attachment loops for unused lanyards to ensure they aren't connected to harness webbing incorrectly.
